## AZIONU IKECHUKWU STEPHEN JNR

DATE OF BIRTH: 11 Oct. 1993

NATIONALITY : Nigeria

ADDRESS : 4a Nike avenue, G.R.A, Enugu, Nigeria.

### ABOUT

Am a young motivated individual who loves architecture and construction, I love being able to give solutions and help in development of spaces or environment, am happiest the most when I see a sketch turn into a full blown project that has positive impact on the society.

I graduated from the university of Enugu science and technology (esut)

This portfolio gathers some of my selected works from my professional journey. I love learning new things and exploring my creativity,  
My dream is to impact and inspire the world someday with my craft.

## RESIDENTIAL DESIGN

ENUGU STATE, NIGERIA.

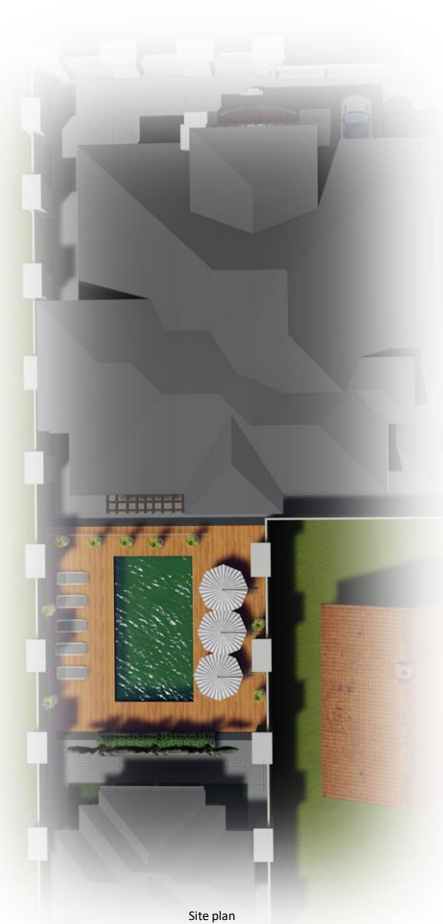

---

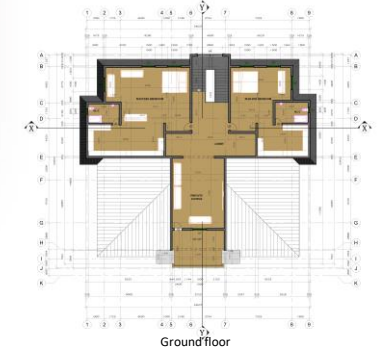

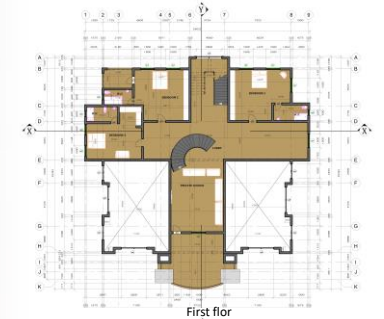

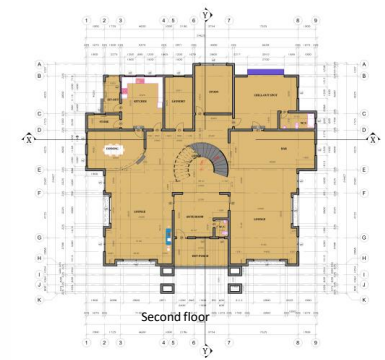

## BRIEF

This is a well thought out and crafted design with a proper landscape design, This includes a luxurious 6 bedroom home with beautiful green areas, a swimming pool, planting beautiful flowering trees, shrubs and other Landscaping elements.

This space was designed with the intension of making sure the young family of 7 has absolute comfort.

Site plan

# RESIDENTIAL DESIGN

ENUGU STATE, NIGERIA.

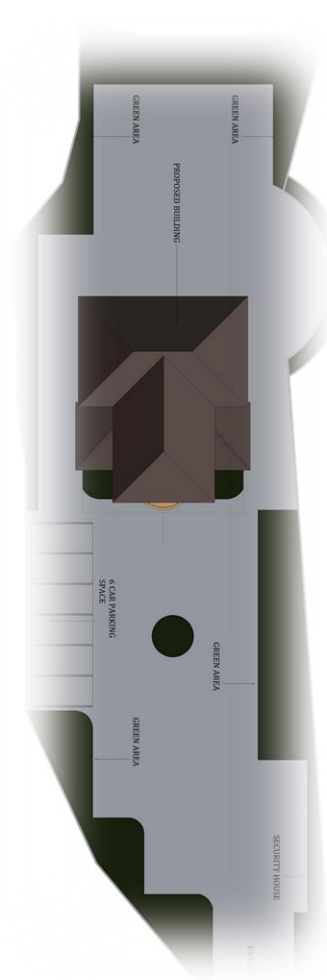

---

## BRIEF

This project is a country home in the heart of Enugu state, Nigeria, it includes luxurious 7 bedrooms (a room apartment each for 7 siblings), beautiful green areas, planting beautiful flowering trees, shrubs and other Landscaping elements and a provision for recreational space.

Site plan

Second floor

First floor

Ground floor

# TERRACE APARTMENTS

LAGOS STATE, NIGERIA.

---

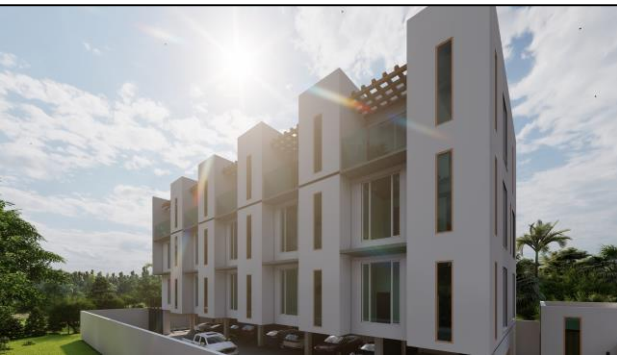

The idea behind this project was to create nature based echoscope where the owner's would connect to. Its an isolated plot wit a very beautiful landscape.

The materials used is simple and complement each other. With high windows, the white gloss interior paint creates a generous sense of space

Each unit has an underground parking space for 2 cars.

03

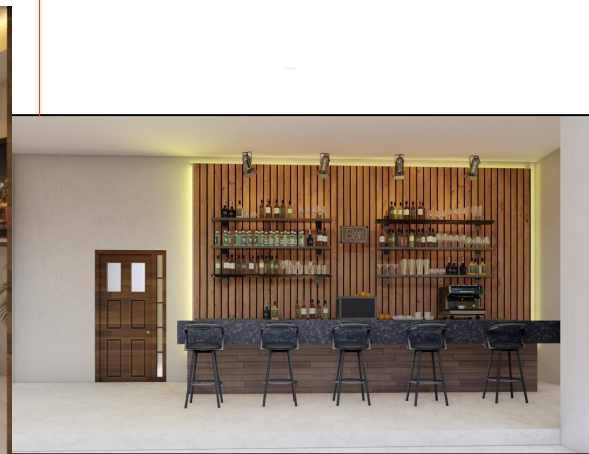

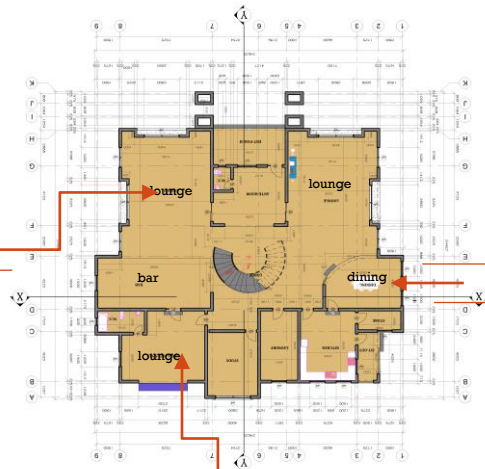

## INTERIOR DESIGN

ENUGU STATE, NIGERIA.

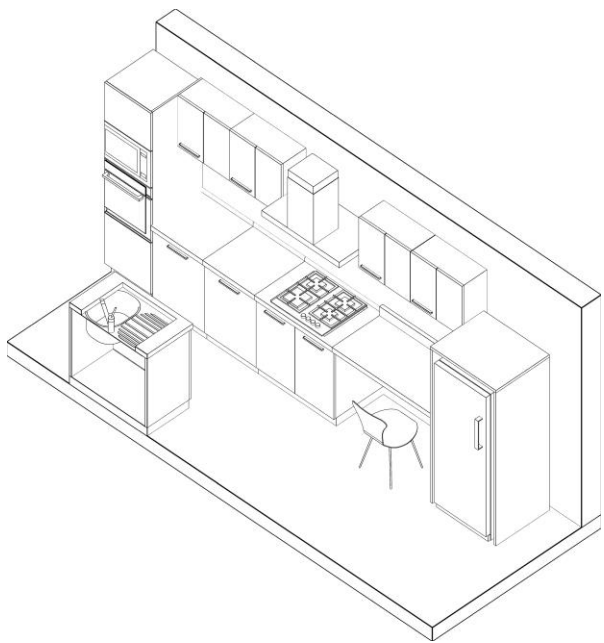

---

A harmonious balance between the clean contemporary lines of the architecture and the soothing tones and the texture of finishes , was a major consideration in this project.

04

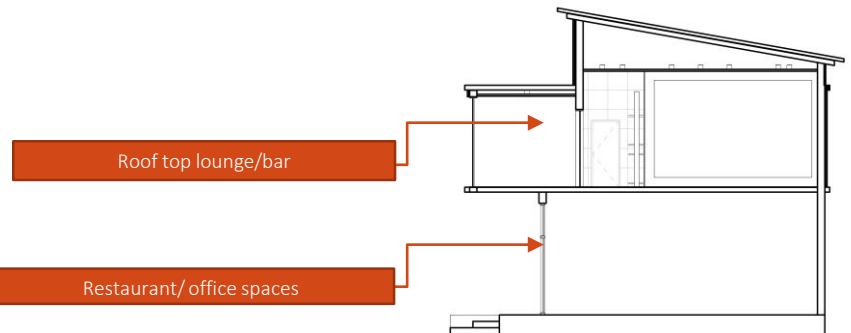

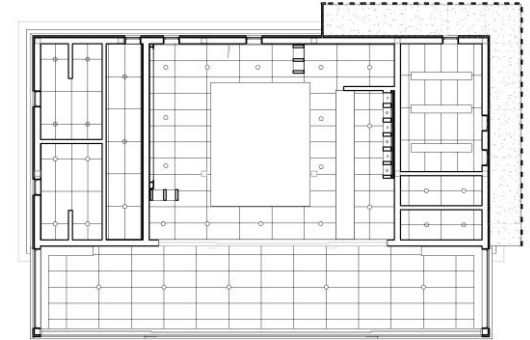

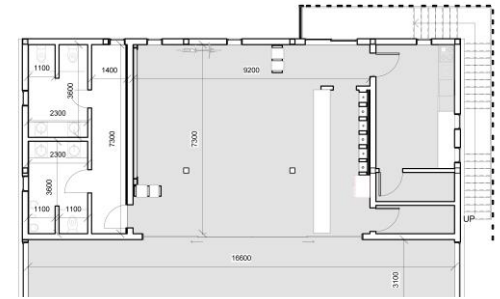

## MIXED PURPOSE BUILDING

LAGOS STATE, NIGERIA.

---

Creating a constant connection between outdoor and indoor spaces was a major consideration in this project. This is a proposed development for a multi purpose structure that can house a grill spot, bar and a restaurant in Ikoyi, Lagos state, Nigeria. The landscape in this project is a bold feature and face of the structure, the spaces are all visually connected as well as they all interconnect to its environment
